

Mutineer Nationals 2005
Vince Bobrosky

This was my first racing experience. Don and I had a BLAST! Thanks to all the people that helped us out in so many ways as well as to all those who helped put on such a top notch event.

It was a welcome relief to have wind on the last day of the event. The racing was fun and exciting. Don and I were worried that the Garza award might be taken from us with wind forecast at 10-20 mph. However, we did our best to campaign for the award and win the heart of the Chief Garza judge himself, Rey. I'm sure the pictures that show up later will explain. We are proud to be taking the Garza award back to central Illinois. After all, what better place to capsize your Mutt than amongst a bunch of fellow Mutts who really appreciate the fine art!

Anyway,

For those of you who wanted to but couldn't make it, my sincere thoughts, and for those of you who have thought about attending the Nationals but weren't too sure, definitely give it a go, you won't be sorry. Mutineer sailors are some of the finest folks that you will meet, all willing to help and share in any way that they can.

Thanks again for a great Nationals and memories and friendships that will last a lifetime.
